Audience:

Secondary Special Education
Teachers and Related Service
Providers, CSE chair and
Subcommittee Chairs Persons

Resources:

State and developed support
documents

Format: All sessions listed are half day trainings. Please plan on attending the AM or PM session.

Description: The New York Special Education State Performance Plan (SPP) requires districts to develop IEP's that include coordinated, measurable, annual IEP goals and transition activities that will reasonably enable the student to meet the student's measurable post-secondary goals.

This workshop will allow participants an opportunity to conduct a mini review of their own IEP's while receiving current resources and support. **Participants must bring a hard copy of at least one current IEP for their own use.**

Districts under Indicator 13 self review for the first time or for resubmissions are strongly encouraged to attend and/or call or email Hildreth direct for in- district training. 607.765.8403, hrose825@yahoo.com

As a result of this workshop participants will:

Develop IEP's that are both quality and compliant with understanding of SPP 13

Outline a plan of personal improvement for future IEP development
